AMENDMENT A

Sir:

This is in response to the Office Action dated September 2, 2004 in regard to the above-referenced application. In response thereto, please amend the application as follows:

REMARKS

The Examiner has required a restriction "under 35 U.S.C. 121". In response thereto, Applicants elect Group I with traverse, directed to an inflator. Applicants further elect, with traverse, the species of Claims 1, 2, 3, 5, 6, 9 as illustrated in Figures 2A-2C. The restrictions are made with traverse since it is respectfully believed that a search involving the inventions would cover all of the inventions and therefore there is no additional burden on the Office.
